Thank you for agreeing to support this student who is applying for the Organizational Studies Program. The OS certification can be completed alongside any major or minor. OS students complete (a) an interdisciplinary curriculum of 4 core courses, (b) an innovative Summer Session that offers students practical, real-world experience in collaboration with professionals from a range of organizations while visiting a couple major U.S. cities, (c) an internship experience, and (d) an integrative paper about these experiences. The Summer Session, which takes place mid-May to early June, is a critical part of the program.
