Department of Economics

Denison University

Requirements for an Economics Major

Effective with students entering Fall 2015, all economics majors must complete a minimum of ten courses. The major must satisfy the following requirements:

- **Core Courses** (6 courses, 24 credit hours)

Econ. 101: Introduction to Macroeconomics *	[4 credits]
Econ. 102: Introduction to Microeconomics	[4 credits]
Math 121 or 123 (Calculus): **	[4 credits]
Econ. 301: Intermediate Macroeconomics	[4 credits]
Econ. 302: Intermediate Microeconomics	[4 credits]
Econ. 307: Introductory Econometrics	[4 credits]

*Note: Economics 101 is a pre-requisite for Economics 102.

Note: Calculus is a pre-requisite for 300-level Economics courses [Effective with students entering Fall 2015.**]

Students planning to major in economics should complete the above courses by the end of their junior year.

- **Elective Courses** (4 courses, 16 credit hours)

In addition to the above six Core requirements, all students must take at least four additional courses, only one of which can be a 200-level course. **Beginning with students entering Fall 2013, at least one of these elective courses must satisfy the department's writing requirement.** Each semester some courses will be designated Writing Courses.
